

Water from the Heartland

THEY DO IT EVERYDAY, CAN YOU DO IT ONCE?

We will be walking from Cottonmill to Yanney Park (about 3 miles) carrying water jugs to raise awareness for people who must walk many miles for fresh water. Bring your own jugs (Some provided while supplies last)

Our goal is to raise about \$3,000 dollars of the total \$6,820 required.
SATURDAY APRIL 2, 2016 1 PM

Katie Spatz, who set the world record for youngest ever solo ocean rower after rowing across the atlantic, is actively trying to raise awareness for the billions who need clean water. We will be partnering with her to raise money for Tobrise Primary school.

This is a Fund Raiser to benefit Tobrise Primary School as they currently have no water source. Money raised will fund the construction of a borehole and hand pump to make drinking water available.

Transportation back to Cottonmill will be provided
